Fabulous barn, but in rough condition. We all understood why the owner needs to take it down. The plans do represent a similar look to the barn for the new building and garage. The Owner hopes to repurpose as much as possible. Hopefully they will reuse the barn sliding doors and granite pillars holding it up.

He gave Steve Bedard the windows if he'll come and take them to which Steve said "yes" once the demolition permit is secured.

The DRC will convene 11/09/23 to vote.

The Site Walk concluded at 5:00 PM.

Respectfully submitted,

Elizabeth Sanborn
