# Portsmouth Community Power Educational Event 6/29/22 at 7pm

The City of Portsmouth is pursuing Community Power – increasing the electric energy options available for all residents

## Community Power Is Coming to You!

To learn more about Community Power join for a live event on: **Wednesday, June 29, 2022, at 7PM at 3S Artspace**  
View Events Details & Ticket Information here: <https://www.portsmouthsmartgrowth.org/community-power/>

Community Power, authorized by NH RSA 53-E, allows local governments to procure electric power on behalf of their residents, businesses, and municipal accounts. Community Power empowers towns, cities, and counties to choose their source of electric energy. This program allows residents to take advantage of this pooled supply, stay with Eversource or a 3<sup>rd</sup> party supplier.

### There are three main components of Community Power:

- Bulk Electricity Purchases
- Electric Distribution Utilities
- The Community Benefits by having access to, for example, green power options

### Community Power offers several community benefits for residents and businesses including:

- Local Control
- Competitive Rates
- Availability to Renewables
- Resilience & Innovation

## What is Community Power?

New Hampshire cities, towns, and counties procure electric power supply on behalf of their residents and businesses and provide related services.

## Benefits of Community Power

## Make Your Voice Heard!

We want your feedback and hear your questions to inform Portsmouth's Community Aggregation Electric Plan. In the coming months, the Portsmouth Energy Advisory Committee will be working with the City, and a variety of community stakeholders, to further communicate, educate and continue the dialogue to formulate this Plan.
